## FCPS Music & Student Privacy Statement

The Fairfax County Public Schools Music Program of Studies requires the performance of literature that is both sacred and secular. Balance of music selected and performed from among historical and contemporary composers, genres and periods are achieved through the course of a year's instruction and not within any individual concert.

Only first names of cast members will be shown on the broadcast. All cast members will be listed on screen at the end of the show. The program listing and playbill provide full names of all cast members for each number.

# Copyright Statement

South Lakes High School's production of *Mixtape* is presented through special arrangement and authorization of all performance materials.

Any video or audio recording of this performance by any means is strictly prohibited.

## Director's Note

**B**roadway Night is a musical-theatre intensive experience, meaning that everything moves at an accelerated pace and on a very condensed timeline. Each year, we pull together 15-25 different Broadway show scenes with costumes, props, mics, lighting, and a live musical combo in 14 or fewer rehearsals. My educational philosophy behind a show like this is to be inclusive of every student who comes out to audition, meet them where they are in their skill development, as a young artist, and give the students the opportunity to work with highly trained performing arts professionals in all aspects of musical theatre (singing, dancing, acting,

and technical production), who instruct and motivate each one to achieve their full potential. Throughout the experience students gain the knowledge and skills necessary for them to take ownership of the production from beginning to end.

This year we are back, in person and LIVE! on stage. After last year's uncharted journey to create our very first virtual Broadway Night, we were presented with the challenge of coaching 130 students during a variant wave.

Community and love are at the center of the South Lakes Choral program and this feeling is always especially palpable in our annual Broadway Night. The success of our annual show is in the synergy of our extraordinary professional creative team combined with our talented, dedicated students and the

love and support of our SLHS community, our Parents for Choral Arts Booster organization, the Reston Community Center, Henry's Wrecker Service and other local community business sponsors.

Music is a universal language. Its ability to tap into our

hearts and souls is widely recognized by the way we feel when we engage in it. Music's ability to synchronize our energy creates community. You are going to feel the community and love of individuals near and far tonight. All coming together to support our performing arts students.

We are dedicating *Mixtape* to all of our front line workers amid the pandemic as well as those who have been impacted by COVID-19 both living and lost.

*To our students:* You never cease to amaze me with your talent, energy, drive, and dedication. I am so incredibly proud of each and every one of you for your extraordinary efforts!

*To our parents:* Thank you for your cooperation, flexibility

and endless support over the past 2 months. You have gone above and beyond to make this a positive and memorable experience for our students. A special Thank you to our set builders.

*To our Professional Creative & Technical 'Dream Team':* You are remarkable. I am blessed and honored to collaborate with a team of professionals who share my passion to create an environment committed to student success in Performing Arts.

Lastly, thank YOU for supporting the South Lakes Choral Program!

Sincerely,

**Mrs. Gigliotti**
